ROUGE & CO
LONDON

My name is Karin and I am the Director and Founder of Rouge & Co. London

Rouge & Co. was born out of a deep passion for wine and a desire to share that passion with others.

As wine enthusiasts, we (a husband-and-wife team) are captivated by everything the wine world has to offer—the nature, the stories, the incredible people we meet, the intricate process, the complex flavors, and, of course, the romance of it all.

This shared passion has been the foundation of our lives for many years, and it's what inspires us to do what we love every day.

On the business side, Rouge & Co. was inspired by a vision to enhance the wine experience for our clients.

We recognized an opportunity to bring something unique to the market by offering exceptional wines that stand out for their quality and value.

For us, this isn't just a business—it's a mission to bring joy to people's lives through the wines we carefully select and provide.

At Rouge & Co., we're proud to eliminate the middleman. By sourcing directly from producers, we ensure the finest quality wines at fair prices. This direct connection allows us to bring you exclusive labels that you won't find in supermarkets or online retail stores. Each bottle in our portfolio is thoughtfully curated to reflect our commitment to authenticity, excellence, and exclusivity.

We're meticulous in our selection process because we believe in offering only wines we genuinely love and would enjoy ourselves.

With Rouge & Co. London, you can trust that every bottle has been chosen with care and passion.

Our goal is simple: to make high-quality, unique wines accessible to those who appreciate them and to elevate life's special moments with every sip.

CALCU

FUTA

FUTA 2019 represents the most elegant expression of CALCU's finest Cabernet Sauvignon.

Powerful, fresh, and deeply elegant. The nose reveals layers of black cherry, cassis, and graphite, intertwined with hints of tobacco, cedar, and spice. On the palate, it delivers great structure and finesse, with velvety, rounded tannins and a remarkable balance of ripe fruit, freshness, and complexity. The finish is long, refined, and persistent, making this wine ideal for ageing and highly praised by national and international critics alike.

Vinification & Terroir

FUTA is crafted exclusively from low-yielding plots in the Hurtado family's top vineyards in the Ramadilla Estate, nestled in the rolling hills of Marchigüe. These sites are defined by granitic soils rich in clay but low in organic matter, ideal for producing concentrated, structured wines. The nearby Pacific Ocean brings cooling breezes day and night, moderating temperatures during the growing season and preserving freshness.

- 100% hand-harvested and hand-sorted grapes
- Fermentation in stainless steel tanks at 22–25°C
- 21 days total maceration for full extraction and complexity
- Gentle vertical pressing
- Malolactic fermentation in stainless steel
- Aged 24 months in French oak barrels

CALCU
Fotem

Calcu Fotem 2019 was created to express the singular personality of Cabernet Sauvignon grown in the most coastal area of the Colchagua Valley. This wine stands out for its depth, structure, and power—capturing the full character and strength of its origin.

Sourced from vineyards planted on granitic soils rich in clay and cooled by steady Pacific breezes, Calcu Fotem delivers freshness, elegance, and identity. It opens with expressive aromas of crunchy black cherries and red plums, with subtle mineral and herbal notes in the background.
On the palate, it shows great structure, body, and persistence—offering a bold, yet refined, experience with a long and layered finish.

Vinification & Terroir
The Ramadilla vineyards in Marchigüe are planted on rolling hills, where ocean breezes moderate the heat during the growing season, allowing the fruit to ripen slowly and evenly. The granitic-clay soils promote low yields and deliver wines of great elegance and power.

Origin
Colchagua Valley, Chile

CALCU

WINEMAKER´S SELECTION

Winemaker's Selection 2019 represents CALCU's boldest and most expressive blend, crafted to highlight the unique character of each varietal from Marchigüe.

The wine opens with intense aromas of fresh blackberries, plum jam, sweet spices, and subtle cedar, followed by hints of vanilla, clove, and wild herbs. On the palate, it is juicy, smooth, and well-rounded, with elegant, polished tannins, generous body, and a long, persistent finish. A balanced and vibrant wine with remarkable drinkability and finesse.

Vinification & Terroir

Each year, CALCU Winemaker's Selection is crafted as a unique blend, designed to showcase the identity, elegance, and vitality of each varietal in perfect harmony.

The vineyards are located on rolling hills in the Marchigüe area, where ocean breezes from the Pacific cool the vines during the afternoon and night, preserving freshness and contributing to a longer ripening season. The granitic soils, with high clay content and low organic matter, result in naturally low yields and concentrated fruit.

Creamy, delicately sweet traditional White Port. Creamy and gently sweet, with indigenous white-grape fruit and a peppery complexity from old wood.

THE PRODUCER

The van Zeller family's connection to Douro wine dates to 1620, with Van Zellers & Co formally founded in 1780. Cristiano van Zeller and Joana Pinhão continue that heritage through hand-crafted field blends, traditional lagares and careful maturation in very old Port casks.

WINEMAKING

Foot crushed; cool pre-fermentation maceration with part of the grape spirit; fortified in lagar and aged for at least two years in century-old Port casks and small stainless-steel vats.

TASTING NOTES

Creamy and gently sweet, with indigenous white-grape fruit and a peppery complexity from old wood.

FOOD & SERVICE

Serve chilled as an aperitif, in a white-Port-and-tonic, or with salted almonds and light pâté.

TRADE POSITIONING

More than 15 native white grapes and traditional lagar work give this far more provenance than a generic sweet aperitif.
